

The Shpigler Group to present at Northwest Public Power Association event

NYACK, NY, March 29, 2004 – David Shpigler, President of The Shpigler Group will address attendees of the Northwest Public Power Association Engineering and Operations Conference, to be held April 5-9, 2004 at the Boise Center/Grove Hotel in Boise, Idaho. David will deliver a presentation entitled, “*Electric Grid Delivery – An Introduction to Broadband over Power Lines*” on Thursday, April 8 at 10:05 a.m. The session will profile key trends and recent developments in the field of BPL technology and will further provide an introduction to architectures being used and the pros and cons associated with each. More information about the session can be found [here](#).

The Shpigler Group is a strategy management-consulting firm focused on the telecommunications and technology sector. The Shpigler Group works with utilities, municipalities, telecom service providers, and infrastructure and technology developers. For these clients, The Shpigler Group works to solve complex issues involving strategic assessment, market analysis, business case development, economic evaluation of network design, and competitive and partnership assessment.
