## The Shpigler Group to Deliver BPL Speech at 28<sup>th</sup> Annual KMI Research Conference

NYACK, NY, Oct. 28, 2005 – David Shpigler, President of The Shpigler Group, will deliver at key speech, entitled, “BPL: Out of Testbeds & In Deployment,” at the Understanding Market Trends & Forecast Dynamics Conference to be held from Nov. 14-15, 2005, at the Rhode Island Convention Center, Providence, Rhode Island. David will share insight into BPL deployments underway and the current state of technology. David will also examine industry experience with BPL implementations and highlight where and when it offers a cost-effective alternative to DSL, cable-modem, and other technologies. The session will be held on Tuesday, Nov. 15, 2005 at 10:40 a.m.

*The Shpigler Group is a strategy management-consulting firm focused on the telecommunications and technology sector and an internet service provider (ISP). The Shpigler Group works with utilities, municipalities, telecom service providers, and infrastructure and technology developers. For these clients, The Shpigler Group works to solve complex issues involving strategic assessment, market analysis, business case development, economic evaluation of network design, and competitive and partnership assessment. As an ISP, The Shpigler Group is committed to delivering reliable, high-quality broadband Internet access and pioneering advancements in the ISP space.
